

TRANSFORM YOUR SCHOOL INTO A STEM INNOVATION HUB

**CBE-Aligned Coding, Robotics, IoT & AI
Learning Solution for Grade 7-12 (Junior &
Senior Schools)**

- ✓ **Lack of Practical Resources?**
- ✓ **Teachers Not Confident in Coding & Robotics**
- ✓ **Difficulty Assessing Competencies?**
- ✓ **Theory-Heavy Lessons?**

CBE requires hands-on learning - but many schools lack the tools to implement it effectively

FROM CLASSROOM LEARNING TO REAL-WORLD INNOVATION

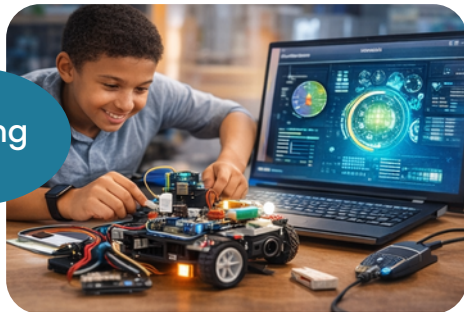

Science &
IoT

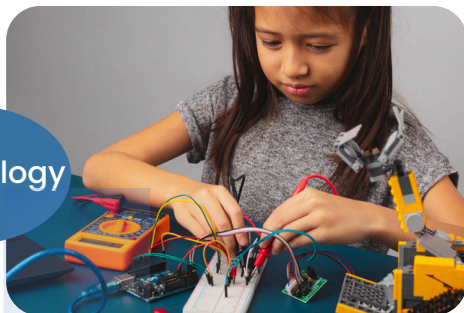

Robotics

Technology

BOOK A DEMO TODAY!

HOW IT WORKS

INTRODUCING CBE STEM IMPLEMENTATION SOLUTION

Curriculum Integration

The solution has CBC/CBE aligned lessons

Hardware + Software Kit

Hand on devices, sensors, virtual lab and education softwares

Teacher Training

We offer STEM expert training

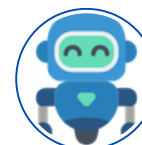

Assessment System

CBC rubrics

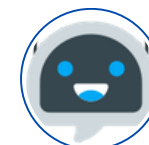

Python
Programming

Robotics

IoT & Science

Artificial
Intelligence (AI)
